

Part Time Advanced Practice Provider (Inpatient Rehabilitation Hospital)

Position Title:	Nurse Practitioner	Supervisor:	VP- Operations
FLSA Exemption Status:	Exempt	Date of Revision:	October 2025

At Geriatric Post-Acute Specialists (GPS), we're more than just a healthcare group, we're redefining continuity of care across Central Texas. Our team of board-certified physicians, nurse practitioners, and physician assistants works across hospitals, rehabilitation centers, assisted living communities, and even patients' homes to ensure seamless transitions and compassionate outcomes.

We're looking for a **Nurse Practitioner** to function as a Internal Medicine primary care provider responsible for admitting, rounding on, discharging patients within an Inpatient Rehabilitation Hospital. This role necessitates close collaboration with the administration and active participation in interdisciplinary team (IDT) meetings.

Schedule: 7-day shifts per month, consecutively

Location: Austin, TX

Employment Status: Part Time

Setting: An **Inpatient Rehabilitation Hospital** is a specialized healthcare facility that provides intensive therapy and medical supervision for patients recovering from serious illness, injury, or surgery. These hospitals serve individuals who are medically stable but still require multidisciplinary rehabilitation to regain strength, mobility, and independence.

Unlike a skilled nursing facility, inpatient rehab hospitals offer a higher level of therapy and physician oversight, typically providing three or more hours of physical, occupational, and speech therapy per day, along with 24-hour nursing care and regular physician visits. The focus is on helping patients restore function and return safely to their home or community setting as independently as possible.

Key Responsibilities:

- Provider admitting/rounding/discharging services for Geriatric Post-Acute Specialists.
- Maintain full active privileges at the facilities where he/she sees patients for Geriatric

Post-Acute Specialists.

- Follow Medicare and state guidelines and Employer policy and procedures when providing services and submitting charges into the EHR for billing of services.
- Complete all required documentation for billing and documentation of services rendered by established deadlines.
- Quality initiatives and metrics assigned by administration.
- Maintain all professional credentials and certifications.
- Attend all business and clinical meetings coordinated by the employer or its vendors.

Required Qualifications:

- Licensures: (Must be current and in good standing)
 - Family Nurse Practitioner, Primary Care Nurse Practitioner, Adult Gerontology Nurse Practitioner, Adult Gerontology Clinical Nurse Specialist, Physician Assistant
 - Texas License
 - DEA
 - ACLS/BLS
- Education: Graduate of an accredited Nurse Practitioner program (MSN or DNP) or Physician Assistant program (MPAS or MSPAS)
- Experience: Experience in a clinical setting, preferably including internal medicine, family practice, hospitalist, or post-acute care preferred
- Location: This position is an in-person position and must have the ability to commute in and around Austin, Texas 78704
- Strong working knowledge of chronic disease management, medication reconciliation, and transitional care
- Proficiency with documentation, coding, and billing practices (Medicare and Medicaid experience strongly preferred)
- Demonstrated ability to work independently while collaborating effectively within an interdisciplinary care team
- Excellent clinical judgment, organization, and communication skills with a compassionate, patient-centered approach
- Ability to round in skilled nursing, rehabilitation, or long-term care settings and manage a consistent patient panel

Benefits & Perks:

- Our comprehensive health and welfare benefits include medical, dental, and vision coverage, company-matched 401(k), paid time off, life insurance, ltd, std, tuition reimbursement, professional reimbursement and more, all designed to support your professional growth and personal well-being.

Compensation:

Shift Rate

Physical Requirements:

The Nurse Practitioner must be able to perform the essential functions of the job, with or without reasonable accommodation.

- Able to stand and walk for much of the workday.
- Able to sit, bend, reach, and kneel as needed during patient care.
- Able to lift or move up to 25–50 pounds with help or proper equipment.
- Able to see, hear, and speak clearly to assess and communicate with patients and staff.
- Able to use hands and fingers to operate medical tools, computers, and other equipment.
- Comfortable working around patients, medical equipment, and typical healthcare environments, which may include exposure to body fluids or infectious materials.
- If the role includes home visits, you must be able to drive and travel between locations.

The Company will make reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) and applicable laws.

This job description is intended to describe the general nature and level of work being performed. It is not an exhaustive list of all duties, responsibilities, and qualifications required of the position. Management reserves the right to assign or reassign duties as necessary.
